

HOBBY AND HORSE FARM WORKSHOP

Join us for a free stewardship workshop to discuss how the **Lake Simcoe Community Stewardship Program** can assist you in managing and improving your small farm's environmental impact.

Saturday April 2nd, 2011
9:30 a.m. – 2 p.m.
St. John's Presbyterian Church
(2940 Sideroad 10, Bradford, ON)

Lunch Included
Please register by March 25, 2011

Funding Available!

Meet your neighbours! Learn about stewardship opportunities in your community.

What you can do: Take home your complementary *Stewardship Guide* to create a personalized environmental action plan.

Learn about: Manure management, livestock restriction fencing, alternate water sources, windbreaks, pasture and water runoff management.

Other projects eligible for funding include lakefront and stream restoration, septic system health, tree planting, wetland enhancement and more.

Need support? Access technical assistance and funding through the Lake Simcoe Community Stewardship Program and program partners.

This workshop will be of interest to small hobby farm operations and other rural landowners.
