The Green Expo

Global Issues, Local Solutions

Dear Green Partners:

The East Algoma Stewardship Council in partnership with the Township of Johnson, the Kensington Conservancy, the Sault Ste. Marie Innovation Centre, the Central Algoma Freshwater Coalition, and Clean North would like to invite you to participate as an Exhibitor in the 2nd Annual **Green Expo** which is being held July 23rd & 24th, 2010 at the Johnson Township Community Centre in conjunction with the Farmers Market. Last year, over 1000 people attended the 1st Annual Expo.

The event will provide a wide variety of green options and information for local cottagers and landowners who require green services or products. In addition to the Exhibits there will also be hands-on demonstrations running throughout the day, canning workshops, green activities for children and the opportunity to purchase local products at the Farmer's Market. To cap off the event, the Central Algoma Freshwater Coalition will be hosting a fundraising dinner on Friday July 23rd to support the Coalition's goals to protect, improve and restore water quality in Central Algoma. Projects of the Coalition provide information and practices that will enable the general public to become good stewards of our natural resources for the benefit of current and future generations. The dinner will highlight local meat and produce. Back by popular demand will be entertainment following the dinner by the O' Schraives! Purchase your dinner ticket at a reduced exhibitor rate when you register.

Enclosed you will find a registration form and further information about Exhibitor options for the **Green Expo**. We look forward to your participation in this exciting event!

Sincerely,

Tracey Cooke
Stewardship Coordinator
East Algoma Stewardship Council
