

## In Appreciation

The  
**Canada South Land Trust**  
wishes to express its gratitude to the  
**Essex County Stewardship Network**  
for your organization's contribution  
towards the land trust's establishment.

Presented at  
the first Community Gathering of the  
Canada South Land Trust  
Essex Civic Centre  
November 6, 2003

False Dragonhead or Obedient Plant  
(*Physostegia virginiana*) was photographed  
in early September 2003 at the  
Holiday Beach Conservation Area, Town of Amherstburg,  
Essex County, Ontario  
where this species grows in moist thickets  
near the restored wetland close to the hawk tower.  
The flowers stay obediently for a time  
in whatever position they are placed.  
During early fall migration at the  
Holiday Beach Conservation Area,  
Ruby-throated Hummingbirds have been observed  
nectaring at Obedient Plant blossoms.
